

—Principle Five—

The Bible affirms economic freedom, including the exchange of what one owns for something else. This implies benefit for both the buyer and the seller. (See Genesis 23;

Matt. 13:44-46; 20:1-16; 24:45-51; 25:14-30; Mark 12:1-9; Luke 10:25-37.)
